Table 3 below shows the numbers on the register in housing need (Band A – D) in each local authority area by quarter whilst Table 3a shows the same for Bands A to E.

Decreases in applications for individual LAs per quarter are likely to be the result of increased renewal activity. Across Devon for both tables when compared to the previous quarter, Plymouth had the highest increase in numbers.

Table 6 shows how bids have been placed throughout the previous quarters (October 2024 to December 2025).

There has been a 1% increase in the figures for backoffice/management bids whilst bids placed on the website have also increased by 2%. Mobile phone bids using the app has decreased by 2%. This is likely due to the recent system security update which meant that the app was no longer supported for those with older versions of mobile devices.
