Property Types	General needs 1 and 2 bed bungalows.
Preference	
Age Preference	Preference to Applicants over the age of 55; or with long term mobility impairment or disability where the property has been adapted or level access housing is required. The age preference is applied to preserve the demographic of the wider community and to support the needs of the housing register.
Local Connection	LiveWest will shortlist according to the South Hams local allocation policy.
Under occupation	LiveWest will always endeavour to fully occupy the property in the first instance, however; Under occupation will be considered if a property has been significantly adapted, or it is hard to let. We may also allow under occupation in areas where there is little social housing stock but local need for certain types of property. This will be in partnership with SHDC and approval would be sought. Underoccupied property offers would be subject to a personal affordability check.
Adapted Homes	Where properties on these schemes are fitted with additional facilities, suitable for older or disabled persons, preference is given to ensure the best use of these facilities, allow persons to move to a more suitable home and reduce the need for Disabled Facilities Grants in unsuitable properties.
Equality and Diversity	This lettings plan is intended to work alongside our Equality and Diversity policy. It should ensure that the assessment and nomination process does not discriminate against households and enables applicants with diverse needs to access accommodation to these schemes.
